2.1 Description

Unoisetion cavitation 2.0 technology

Many people has the experience of unbearable ring or noise sound in ears,it is the normal cavitation,our professional research teamhas overcome this problem and the buzzing noise has reduced yet after years of study,It is called cavitation 2.0 unoisetion technology

3D SMART RF --More comfortable ,more Intelligent

3D SMART RF, utilized a special technology of touch sensor , can commend inner RF procedure to start and stop working during treatment, normal RF when in working condition will transmit energy out whenever it touches skin or not, but 3D SMART RF won't do this because the touch sensor can detect the condition,the 3D SMART RF only work until the RF probe touch the skin and the light will be on, then the energy of 3D SMART RF will emit from low to high adjusted automatically upon skin's temperature

LED Photon

Red Light (650 - 730):

Stimulate the production of collagen. Collagen is the essential protein used to repair damaged tissue and to replace old tissue. Best for fine lines,reduce pore size, swollen after surgery.

Miracle BIO Wave

Micro BIO electrical beauty technology originates in Japan,with the purpose of substituting the traditional surgical face-lifting & wrinkle dispelling technology.This is popularly used in world top-class beauty salons and has shown great efficiency which help many customers solve diversified problems thoroughly.We have cooperated with Japanese companies and have developed this BIO devise, which regarded as the sixth generation of BIO series,is standing at a leading position in BIO tech.Therefore, it is the most valuable and effective BIO device in the world market.

Dual wavelength Lipo laser
