This product does not belong to medical, please don't use for disease treatment!

# Principle

## OxyGeneo

Gene+ takes its inspiration from natural hot springs known for inducing skin oxygenation. By simulating this effect, Gene+ triggers a body response that sends oxygen to the treated area. At the same time Gene + exfoliates the skin and creates an optimal environment for infusion of essential nutrients both during and after treatment. The ability to layer Radio Frequency induces collagen and elastin regeneration in the dermis layer, which leads to smoother and tighter skin and a reduction in fine lines and wrinkles.

## Water Dermabrasion

Water dermabrasion is an exciting NEW technology that combines the efficacy of Microdermabrasion, vacuum system and new hydration system. It is a lot gentler than crystal microdermabrasion or diamond dermabrasion as only water is used, and we use professional quality machines.

## Radio Frequency

The multi-polar RF delivering thermal energy into the subcutaneous tissue makes the tissue's natural resistance movement produce heat, the heated collagen shrink immediately and simulate dermal layer to excrete more collagen to make up for contraction and draining collagen, thus to hold the bracket of the skin, recover skin elasticity. When the collagen are produced continuously, it will increase the thickness and density of the dermal layer, fill wrinkles, eliminate scars, recover skin elasticity and gloss, making the skin white and smooth.

## Mesotherapy Injector

1. Needle free injection skin beauty treatment= hyaluronic acid+ many kinds of skin care method
2. International high-end beauty import materials, a security for your beauty.
3. Fine injection, quick and convenient
4. Non-surgical treatment, tiny traumatic, high safety
5. Refined product, non-corroding, no metal residual, no sensitivity.
6. Just like medical beauty instrument, painless, noninvasive, no bleeding .
7. Effective permeability, open the tiny pore and enhance the absorption.
8. Aim at the root of skin problem, the absorption rate is 12 times of the normal beauty product.
9. Whole body can do the treatment.
10. Recover immediately, won't affect your normal life and work.
